

Trade Stand Pricing for the 2025 Kenilworth Show

As part of our commitment to delivering an exceptional experience for both exhibitors and visitors at the Kenilworth Show, we have reviewed and updated our trade stand pricing for 2025.

In light of rising operational costs, a modest increase in fees has been introduced. These adjustments are essential to help us offset some of the growing expenses associated with running a high-quality event while continuing to provide the excellent service and facilities you've come to expect.

We appreciate your understanding and look forward to welcoming you to another successful Kenilworth Show.
